

AAC 09

PRODUCT FACT SHEET

AAC 09

DESIGN BY HEE WELLING, 2010

About A Chair AAC 09 features an open frame in bent steel that adds lightness to the intuitive design. Its rounded upholstered shell combines functional stackability with great comfort and an inviting expression. The open sled frame is available in different powder coated finishes, with the shell offered in numerous upholstery options, making it a flexible and functional chair suited to a wide variety of domestic, office, and public settings.

HIGHLIGHTS

- Part of a multi-functional family of dining and conference chairs, office chairs, bar stools, lounge chairs, tables, an ottoman, and a sofa.
- Variety of textiles, colours and base finishes.
- Available with plastic shell, with front upholstery (AAC 08) and full upholstery (AAC 09) in a large selection of fabrics and leathers.
- Other base options are: 4-leg steel base, swivel base, wheel base, solid wood legs, and moulded plywood legs.
- Shell is also available with armrest.
- Stackable on floor up to 5 pcs.
- Stackable on trolley up to 5 pcs.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise the environmental impact throughout their lifecycle. We prioritise carefully selecting materials, such as recycled content, FSC-certified wood, and water-based lacquer, while continuously increasing the number of eco-certified products. We adhere to strict regulatory requirements, and the majority of our products are tested to meet international standards for strength, durability, and safety.
