

AAC 20

PRODUCT FACT SHEET

AAC 20

DESIGN BY HEE WELLING, 2010

Featuring a swivel base, the About A Chair AAC 20 conveys a more formal expression than its wooden-legged counterparts from the collection. The distinctive curved shell provides a soft, unified silhouette and balances on legs that fan out from the centred base. The cast aluminium swivel base is available in polished or powder coated finishes, with the post-consumer recycled plastic shell offered in a wide palette of contemporary colours, along with multiple front or fixed seat upholstery options. The multitude of variants and design combinations give this series a versatile expression that makes it suitable for a wide variety of corporate, private, and public contexts.

HIGHLIGHTS

- Part of a multi-functional family of dining and conference chairs, office chairs, bar stools, lounge chairs, tables, an ottoman, and a sofa.
- Variety of shell colours and base finishes.
- Available with plastic shell, with front- and seat upholstery (AAC 20) and full upholstery (AAC 21) in a large selection of fabrics and leathers.
- All shells are made from 100% recycled post-consumer plastic.
- A majority of the unupholstered models are certified with the EU Ecolabel across the whole chair and bar stool series.
- Other base options are: 4-leg steel base, sled base, wheel base, solid wood legs, and moulded plywood legs.
- Shell is also available with armrest.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

DIMENSIONS

WIDTH 59 CM
DEPTH 52 CM
HEIGHT 79 CM
SEAT HEIGHT 46 CM
SEAT DEPTH 40 CM

MATERIALS

SHELL

Injection moulded solid-coloured polypropylene shell with armrest. Made from 100% post-consumer recycled PP.

BASE

4 star swivel base in cast aluminium.

GLIDER

Plastic. Standard on all variants. Suitable for all flooring types that are not too sensitive.

OPTIONS

Felt gliders for wooden floors
Front upholstery 10 mm foam
Fixed seat cushions polypropylene with 10 mm foam
CMHR foam (fire retardant)
Seat Pad with an anti-slip backside

CONSTRUCTION

4 single legs connected around a cast conical center, reinforced with metal brackets for additional strength.
With swivel function made from durable POM (Polyoxymethylen).

COUNTRY OF ORIGIN

Poland

The shells consist of 100% recycled post-consumer plastic from household machines. The use of recycled material means that colours vary slightly from batch to batch. Marks and irregularities on the surface are a natural part of the material and may occur.

FABRIC & LEATHER UPHOLSTERY

Please see our Fabric Overview for approved standard fabrics.

Please note that front upholstery is not available with walnut base.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise the environmental impact throughout their lifecycle. We prioritise carefully selecting materials, such as recycled content, FSC-certified wood, and water-based lacquer, while continuously increasing the number of eco-certified products. We adhere to strict regulatory requirements, and the majority of our products are tested to meet international standards for strength, durability, and safety.
