

T12 TABLE

PRODUCT FACT SHEET

T12 TABLE

DESIGN BY HAY, 2009

Defined by its pure functionality, HAY's T12 Table Table serves as a dining or work table in a tight composition and a clear aesthetic. Fundamental to the table's design are the legs, which are positioned in the corners to seat as many people as possible, and the generous size which offers optimal working space. These factors make it particularly suitable for using in meeting rooms or as a dining table for larger families.

HIGHLIGHTS

- Multi-functional table in different sizes.
 - The table features black linoleum or white laminate tabletop and powder coated aluminium base.
 - Suitable for a wide variety of private and public environments.
 - Qualified for contract use.
-

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise the environmental impact throughout their lifecycle. We prioritise carefully selecting materials, such as recycled content, FSC-certified wood, and water-based lacquer, while continuously increasing the number of eco-certified products. We adhere to strict regulatory requirements, and the majority of our products are tested to meet international standards for strength, durability, and safety.
