

A black outdoor table and two chairs are set on a patio. The table is round with a thick top and a central pedestal base. The chairs are modern, black, and have a curved backrest. The patio is paved with light-colored, irregular stone tiles. In the background, there is a raised garden bed with various green plants and yellow and white flowers. The overall scene is bright and sunny.

TERRAZZO TABLE

TERRAZZO TABLE

Swedish designer Daniel Enoksson's Terrazzo Table features a round- or square-shaped table top crafted in highly functional electro-galvanized steel and powder coated to make it extra resilient. For the designer, terrazzo was an obvious choice to use as the base, partly due to its excellent durable properties, but more importantly, it has such a unique and distinctive finish that makes an effective contrast against the stark simplicity of the table top. Designed to withstand the outdoor environment, the table is suitable for all kinds of indoor and outdoor use.

DANIEL ENOKSSON

Daniel Enoksson is a Swedish designer who founded his studio in the heart of Stockholm in 2008. A graduate of the Beckmans College of Design, Enoksson works in the fields of design and interior architecture. He has established a reputation as a collaborative designer, able to adapt to different briefs, one who seeks to create value for both the product user and for the manufacturer. His approach is often informed by user requirements, this helps to develop the functional and aesthetic characteristics of his designs. He has a particular fondness for unexpected materials and finishes, seeking ways in which to use them in production pieces. For HAY, Enoksson has designed the Terrazzo Table.
