# PALISSADE PARK DINING BENCH DESIGN BY RONAN & ERWAN BOUROULLEC

Designed by French duo Ronan and Erwan Bouroullec, the Palissade Park Dining Bench is a modular bench designed for outdoor use. The curved frame comes in two variants, which are designed to curve in two different directions, enabling the benches to be inward facing, outward facing, or a combination of the two. When connecting a minimum of two benches, customised seating arrangements can be created in layouts such as circles, waves and arcs. The elegant design is united by the same symmetrical geometry and graphic idiom as the rest of the Palissade series, engineered to reproduce the same visual simplicity that allows it to integrate effortlessly into a natural landscape or urban setting. Specifically designed for outdoor use, the powder-coated steel has a protective outdoor primer for optimal durability and resilience, which makes it last for a longer period of time. Available in selected colours, the Park Dining Bench is ideal for creating unique seating configurations in gardens, parks and public spaces.

Ronan & Erwan Bouroullec the Paris-based design brothers from Brittany have been working together since 1998. They have transformed the design industry and offered new perspectives of materiality and purpose. For HAY, they have designed the Palissade Collection, Copenhagen Collection, Can Sofa, Élémentaire Chair, Passerelle Table and Pier System.

# CONFIGURATIONS

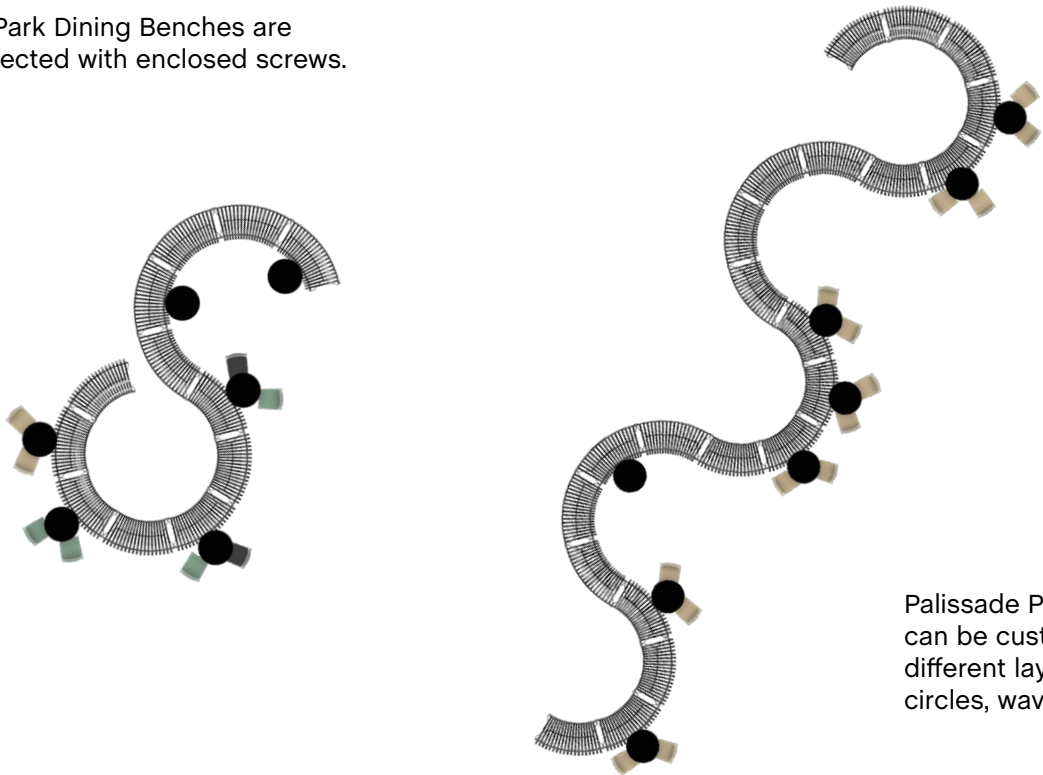

Combining multiple benches together gives users the opportunity to extend the available seating space and form unique configurations to suit specific functional and aesthetic requirements.

A minimum of two Park Dining Benches provides a starting point for customising different configurations.

The Park Dining Benches are connected with enclosed screws.

Palissade Park Dining benches can be customised in many different lay-outs such as circles, waves or arcs.
