

DESIGN BY JULIEN RENAULT

HAY

COMPASS FLOOR LAMP

HIGHLIGHTS

- Ambitious and unique floor lamp with distinctive, sculptural form
- A freestanding lighting solution that offers an alternative to ceiling fixtures, without requiring fixed electrical points or drilling
- Features a 360-degree rotating base for easy lamp adjustment and flexible illumination
- The upright height is fixed, while the arm can be extended in and out across three adjustable positions
- Tiltable lamp head, primarily to maintain a level position when the arm is extended
- Designed for use with a replaceable standard retro fit LED dimmable bulb
- Suitable for both private and office environments

COMPASS FLOOR LAMP

DESIGN BY JULIEN RENAULT

Designed for HAY by Julien Renault, the Compass Floor Lamp is a freestanding lamp with a distinct sculptural form, delivering pendant-like illumination through its innovative design. Its engineered construction features a 360-degree rotating base and a tiltable shade, offering users complete flexibility to direct light precisely wherever it is needed. A curved, expandable arm enhances its versatility, while also creating an elegant arched silhouette that seamlessly adapts to various needs and spaces, from domestic settings to corporate environments.

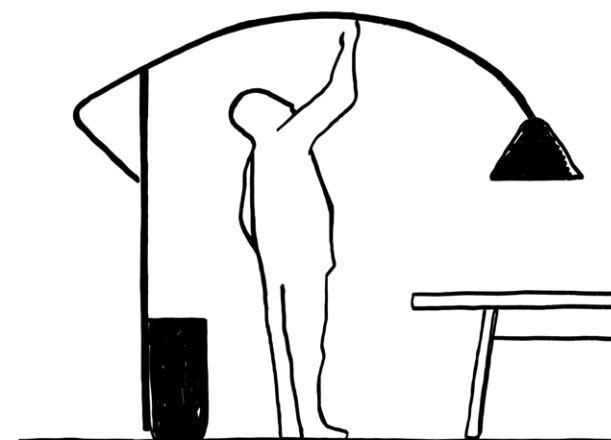

French designer Julien Renault blends rational methods with artistic freedom in his approach to design. Based in Brussels, he draws inspiration from everyday life, transforming the ordinary into something beautiful. His work for numerous international brands reflects the deep connection between objects and their environments. For HAY, Julien has designed the Pastis Table and Chair series, the Layout Chair series, the Compass Lamp collection, and the Deville collection.

Julien Renault

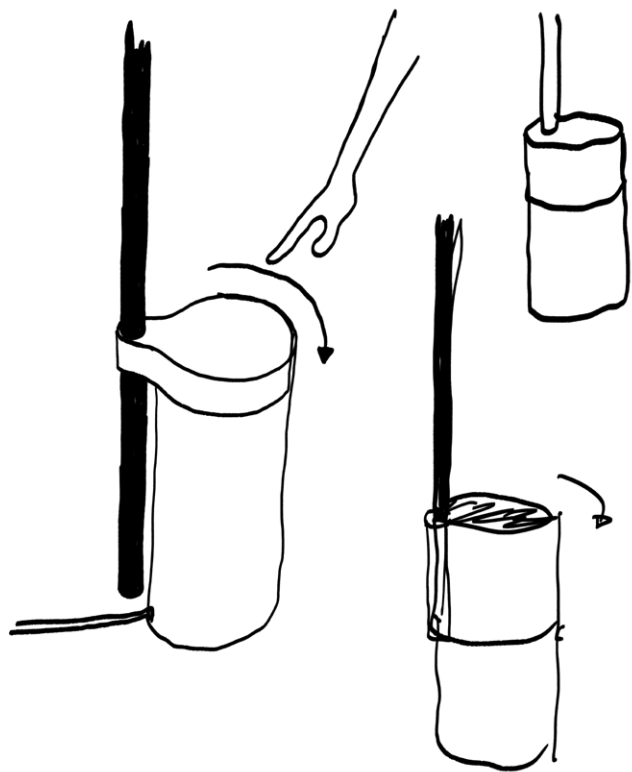

Compass Floor Lamp

Curved chrome arm suspends light over a table or seating area, with a 360° rotating base and tiltable shade for precise positioning.

The initial inspiration for the arms and form came from an architectural handrail detail at a space in Melle, Belgium.

Compass Floor Lamp combines sculptural presence with functional innovation.

Compass Floor Lamp

MATERIALS

SHADE
Spun aluminium in brushed finish with injectionen moulded bulb holder bracket

STEM & ARMS
Bent and welded steel tubes

BASE
Extruded aluminium profile with bearing for rotation

CORD
Braided textile cable in black with silicone insulation

PRODUCT INFORMATION

DESIGN YEAR
2026

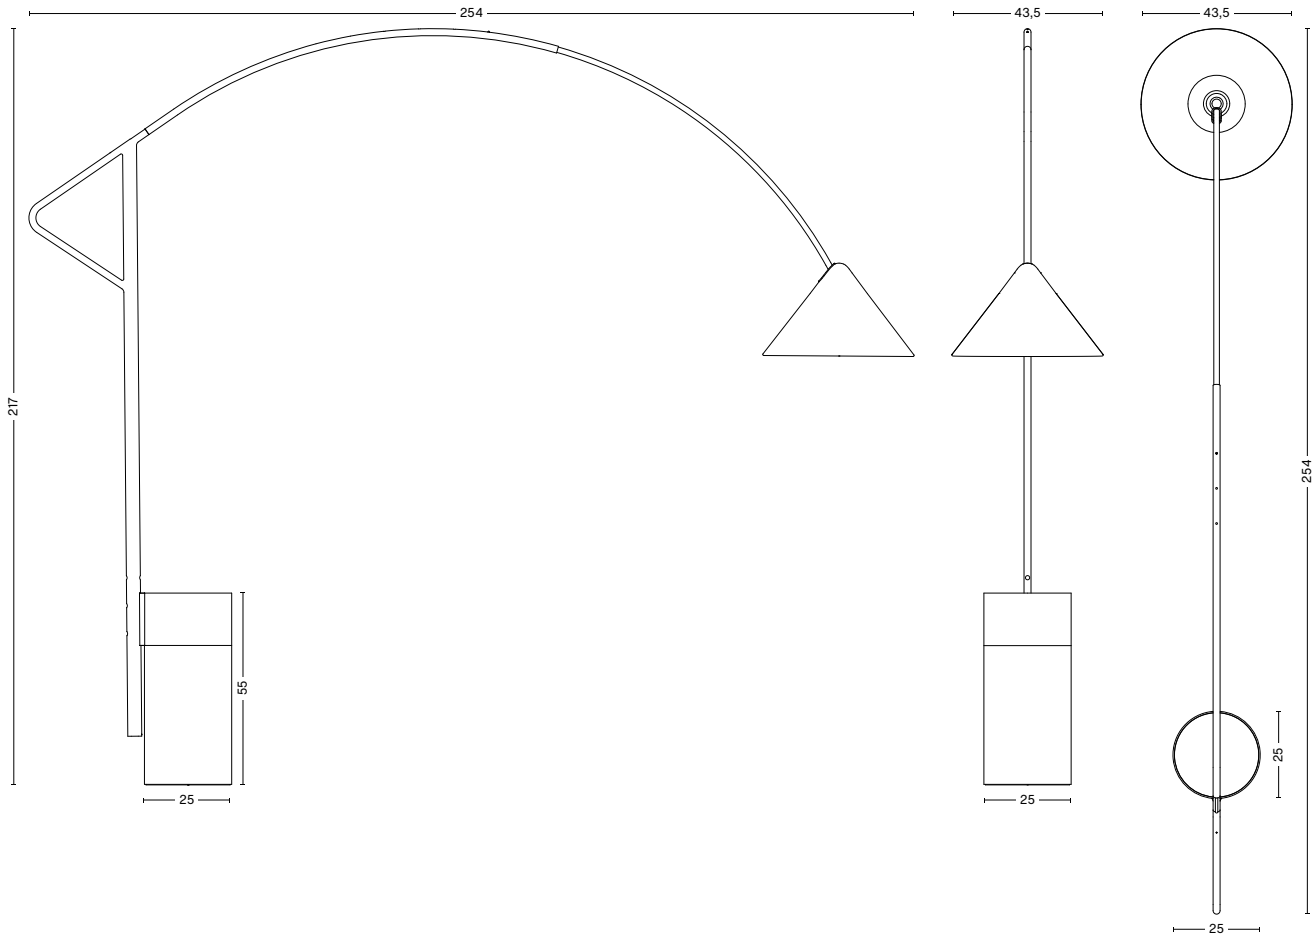

COUNTRY OF ORIGIN
China

COLOUR & FINISH

Please note that the colours are indicative

DIMENSIONS

COMPASS FLOOR LAMP
Width 43,5 cm
Depth 254 cm
Height 217 cm
Weight 61,4 kg

TECHNICAL SPECIFICATION

RECOMMENDED LIGHT SOURCE
LED E27 (A19), 10-13W (max. 15W), 1000-1500lm, 3000K warm white
Bulb not included

DIMMABLE
Yes

POWER SUPPLY
220-240V AC at 50/60Hz

IP
20

CORD LENGTH
240 cm

SWITCH
Inline dimmer switch

TEST SPECIFICATION OUTPUTS

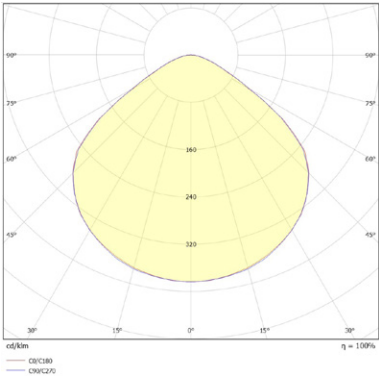

Photometrics and the test specification shown is taken using the recommended LED bulb fitted in the production luminaire

LUMEN (LM)
1000-1500lm

KELVIN (CCT)
3000K warm white

CRI (1-100)
Depends on bulb (>80)

PHOTOMETRICS

CERTIFICATES

CE APPROVED
This product has been assessed and complies with the essential requirements of the relevant European directives.

LED CE IP20    

Tested according to the following European EN IEC standards which relate specifically to electrical lighting products including:

- EN 55015 (radio disturbance)
- EN 61547 (EMC immunity)
- EN 61000-3-2 (EMC compatibility)
- EN 61000-3-3 (EMC compatibility)
- EN 60598-2-4 (portable luminaires)
- EN 62493 (human exposure to EMC)
